

Badinotti produces several netting types for Sports and Leisure purposes

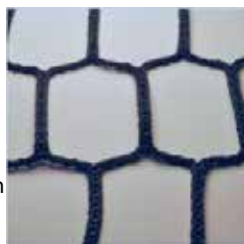

# SPORTS NET

#### Safety net for Baseball

Knotless net  
Polyamide multifilament high tenacity.  
UV stabilized, black spun-dyed yarn.

Mesh size 46 mm half-mesh.  
The net are jointed by machine to obtain  
the required dimension.

#### Tennis Net type Light

knotless hexagonal net

Heat-set and dyed black or request Polymide  
multifilament high tenacity, UV stabilized.

Mesh size 46x40mm, meshes wide 280  
(+/-12.9m)  
Total dimensions 12.9 m x 1.05 m  
Weight approximately 2.9 kg

#### Tennis Net type Heavy

knotless hexagonal net  
heat-set and dyed black or other upon  
request. Polyamide multifilament high  
tenacity UV stabilized.

Mesh size 46x40 mesh, mesh wide 280  
(+/-12.9)  
Total dimensions 12.9 m x 1.05 m  
Weight approximately 4.9 kg

#### Safety net for Golf

knotless Net (4 stitches in the crossover)  
Heat-set, dyed black and coated or on request.  
Polyester multifilament high tenacity UV  
stabilized white or black spundyed.

Heavy Type: Title 250/54  
Mesh Size: 63.5 mm center-center knot to knot  
Number of meshes to be required.

Light Type: Twine 210/40  
Mesh Size: 61.8 mm center-center knot to knot  
Number of meshes to be required.

#### Hockey Net

knotless double faced net  
Not heat-set  
Polyamide multifilament high tenacity,  
UV stabilized.

Mesh Size: 77 mm full mesh inside to  
inside.  
Breaking Load: 260kg  
Number of meshes to be required.

#### Football/Soccer Extralight type

Knotless hexagonal net  
Heat-set  
Combination of polyamide multifilament yarn,  
high tenacity and polyethylene monofilament  
high tenacity, UV stabilized.

Mesh size 130x130mm,  
meshes wide 82 (+/-11meters)  
Total dimensions 11 m x 3.3 m  
Weight 2.4 kg

**Football/Soccer Light type**

Knotless hexagonal net  
Heat-set  
Combination of polyamide multifilament yarn, high tenacity and polyethylene monofilament high tenacity, UV stabilized.  
Mesh size 130x130mm, meshes wide 82 (+/-11 meters).  
Total dimensions 11 m x 3.3 m. Weight 3.3 kg

**Football/Soccer Heavy type**

Knotless hexagonal net  
Heat-set  
Combination of polyamide multifilament yarn, high tenacity, and polyethylene monofilament high tenacity, UV stabilized.  
Mesh size of 130x130mm. Meshes wide 82 (+/-11 meters)  
Total dimensions 11m x 3.3m  
Weight 4.3 kg

**VolleyBall Net type Light**

Knotless net  
Heat-set and dyed black or other upon request.  
Polyamide multifilament high tenacity, UV stabilized.  
Mesh size 100x100, meshes wide 95(+/- 9,5 meters)  
Total dimensions 9,5 m x 1 m.  
Weight 0,9 kg

**VolleyBall Net Heavy type**

Knotless hexagonal net.  
Heat-set and dyed black or other upon request.  
Polyamide multifilament high Tenacity, UV stabilized.  
Mesh size 100x100mm, meshes wide 95(+/- 9,5 meters)  
Total dimensions 9,5 m x 1 m  
Weight 1,3 kg

**Elastic Net**

Knotless net  
Polypropylene multifilament high tenacity, UV stabilized, black colour.  
Rubber core covered by double braided blackPolyester.
